

Tunisia for Desert Foxes

Lots of sand and fun

This is fantastic fun in the desert for off-road fans with some experience.

You are going by plane and we will carry the bikes. After the arrival in Tozeur you will start the tour crossing the Chott el Jerid, the salt lake that separates Tozeur from Douz. It's a fascinating journey, which requires maximum concentration and demand from the pilots a demonstration of their strength.

From here we head into the desert south to the lake lost. Three days of dunes and more dunes, searching our own way following the sun and GPS , leaving footprints in the untouched sand.
