

Mieres enduro training

Training for beginners and cracks

When you want to have unlimited fun with your enduro motorbike, there is no better place for it than riding through hidden paths in the foothills of the Pyrenees. We will go to the most beautiful viewpoints, enjoy bathing in hidden spots, and visiting the best local pubs. For sure you will improve your riding abilities: Our tour guides will give you the tips, pointers, and tricks which help all enduro enthusiasts, whatever their ability, to ride safer and better in various terrain. This is a wonderful offroad enduro trip. It can't get better than this!

The starting point of the tour is the village Mieres, seductively hidden in the Pyrenees. Here is where we have our distinctive and comfortable lodge, Casa Mieres. It is the ideal starting point for the coming days. It has 4 guest rooms, a large and fully equipped garage workshop, and a place for washing motorbikes. Here you will find our spectacular desert truck parked when it is not being used in Africa. In the village there are another 15 rooms available which are also in comfortable and tastefully decorated cottages. Although we can accommodate up to 25 participants comfortably, we usually limit our groups to 6 riders per tour guide. This way we can ensure that everyone will be put into a suitable group, and we go easy on the residents and nature.

From the middle of February until the end of November we do enduro tours in this area with differing degrees of difficulty. From wide gravel slopes to the very hard trial tracks, everything is there in abundance for enduro fans.

Especially interesting is the terrain in spring season when the snow melts, and in autumn, when we get breath-taking views on the colorful landscape. In high summer it is extremely warm, however we can cool down by going to the nearby waterfalls and in high altitudes of the Pyrenees. This motorcycle tour is unlike anything you have ever experienced. Book early, our tour dates are filled quickly.

Accommodation

Casa Mieres, the perfect enduro lodge in the Pyrenees
